

# Budbo Token International, LTD

[www.Budbo.io](http://www.Budbo.io)

Budbo is a best-in-class platform already actively being used by more than 75,000 mobile users and over 3,000 dispensaries, growers, and manufacturers. The blockchain model will easily accommodate several stages of the cannabis pursuit, sales and logistics processes, addressing the following within the \$80 billion legal cannabis industry:

- Recording and Storing Product Life Cycle Events
- Verifying Patient Identification
- Transaction Assurance
- Equipment Ordering
- Inventory Management
- Medical Research and Lab Testing
- Client Management
- Delivery Tracking and Verification
- Platform Analytics
- Government Compliance and Regulatory Reporting
- Seed to Sale Tracking
