To the fullest extent permitted by applicable law, you release the Company and the other Indemnified Parties from responsibility, liability, claims, demands and damages (actual and consequential) of every kind and nature, known and unknown (including, but not limited to, claims of negligence), arising out of or related to disputes between users and the acts or omissions of third parties. **You expressly waive any rights you may have under California Civil Code § 1542 as well as any other statute or common law principles that would otherwise limit the coverage of this release (including similar laws in other applicable jurisdictions) to include only those claims which you may know or suspect to exist in your favor at the time of agreeing to this release.**

15. Dispute Resolution; Arbitration

PLEASE READ THE FOLLOWING SECTION CAREFULLY BECAUSE IT CONTAINS ADDITIONAL PROVISIONS APPLICABLE ONLY TO INDIVIDUALS RESIDENT OR DOMICILED IN THE UNITED STATES. IF YOU ARE RESIDENT OR DOMICILED IN THE UNITED STATES, THIS SECTION REQUIRES YOU TO ARBITRATE CERTAIN DISPUTES AND CLAIMS WITH COMPANY AND LIMITS THE MANNER IN WHICH YOU CAN SEEK RELIEF FROM US. IF YOU ARE RESIDENT OR DOMICILED OUTSIDE THE UNITED STATES, THIS SECTION DOES NOT APPLY TO YOU AT ALL AND FORMS NO PART OF OUR AGREEMENT WITH YOU.

(a) **Binding Arbitration.** Except for any disputes, claims, suits, actions, causes of action, demands or proceedings (collectively, “**Disputes**”) in which either Party seeks injunctive or other equitable relief for the alleged unlawful use of intellectual property, including, without limitation, copyrights, trademarks, trade names, logos, trade secrets or patents, you, the Company and Budbo (i) waive your, the Company’s and Budbo’s respective rights to have any and all Disputes arising from or related to this Agreement resolved in a court, and (ii) waive your, the Company’s and Budbo’s respective rights to a jury trial. Instead, you, the Company and Budbo will

arbitrate Disputes through binding arbitration (which is the referral of a Dispute to one or more persons charged with reviewing the Dispute and making a final and binding determination to resolve it instead of having the Dispute decided by a judge or jury in court).

(b) ***No Class Arbitrations, Class Actions or Representative Actions.*** Any Dispute arising out of or related to this Agreement is personal to you, the Company and Budbo and will be resolved solely through individual arbitration and will not be brought as a class arbitration, class action or any other type of representative proceeding. There will be no class arbitration or arbitration in which an individual attempts to resolve a Dispute as a representative of another individual or group of individuals. Further, a Dispute cannot be brought as a class or other type of representative action, whether within or outside of arbitration, or on behalf of any other individual or group of individuals.

(c) ***Federal Arbitration Act.*** This Agreement affect interstate commerce and the enforceability of this Section 15 will be both substantively and procedurally governed by and construed and enforced in accordance with the Federal Arbitration Act, 9 U.S.C. § 1 et seq. (the “FAA”), to the maximum extent permitted by applicable law.

(d) ***Notice; Informal Dispute Resolution.*** Each Party will notify the other Party in writing of any Dispute within 30 days of the date it arises, so that the Parties can attempt in good faith to resolve the Dispute informally. Notice to Company shall be sent by email to the Company at legal@budbo.io. We may provide notice to you via email to the email address you provide in connection with Registration. Your notice must include (i) your name, postal address, email address and telephone number, (ii) a description in reasonable detail of the nature or basis of the Dispute, and (iii) the specific relief that you are seeking. If you and Company cannot agree how to resolve the Dispute within 30 days after the date notice is received by the applicable Party, then either you or Company may, as appropriate and in accordance with this Section 15, commence an arbitration proceeding or, to the extent specifically provided for in Section 15(a), file a claim in court.

(e) ***Jurisdiction of Arbitration.*** Any arbitration will occur in Orange County, California. Arbitration will be conducted confidentially by a single arbitrator in accordance with the rules of the Judicial Arbitration and Mediation Services (“JAMS”), which are hereby incorporated by reference. The state and federal courts located in Orange County, California will have exclusive jurisdiction over any appeals and the enforcement of an arbitration award. You may also litigate a Dispute in the small claims court located in the county where you reside if the Dispute meets the requirements to be heard in small claims court.

(f) ***Authority of Arbitrator.*** As limited by the FAA, this Agreement and the applicable JAMS rules, the arbitrator will have (i) the exclusive authority and jurisdiction to make all procedural and substantive decisions regarding a Dispute, including the determination of whether a Dispute is arbitrable, and (ii) the authority to grant any remedy that would otherwise be available in court; provided, however, that the arbitrator does not have the authority to conduct a class arbitration or a representative action, which is prohibited by this Agreement. The arbitrator may only conduct an individual arbitration and may not consolidate more than one individual’s claims, preside over any type of class or

representative proceeding or preside over any proceeding involving more than one individual.

(g) **Rules of JAMS.** The rules of JAMS and additional information about JAMS are available on the [JAMS website](#). By agreeing to be bound by this Agreement, you either (i) acknowledge and agree that you have read and understand the rules of JAMS, or (ii) waive your opportunity to read the rules of JAMS and any claim that the rules of JAMS are unfair or should not apply for any reason.

(h) **Severability of Dispute Resolution; Arbitration.** If any term, clause or provision of this Section 15 is held invalid or unenforceable, it will be so held to the minimum extent required by law, and all other terms, clauses and provisions of this Section 15 will remain valid and enforceable. Further, the waivers set forth in Section 15(b) are severable from the other provisions of this Agreement and will remain valid and enforceable, except as prohibited by applicable law.

16. Governing Law and Venue

This Agreement will be governed by and construed and enforced in accordance with the laws of British Virgin Islands, without regard to conflict of law rules or principles (whether of Delaware or any other jurisdiction) that would cause the application of the laws of any other jurisdiction. Any Dispute between the Parties arising out or relating to this Agreement or its subject matter or formation (including non-contractual Disputes of claims) will be resolved in the courts of British Virgin Islands, except where Section 15 applies to you because you are resident or domiciled in the United States in which case any such dispute must be resolved in accordance with Section 15.

17. Severability

If any term, clause or provision of this Agreement is held unlawful, void or unenforceable, then that term, clause or provision will be severable from this Agreement and will not affect the validity or enforceability of any remaining part of that term, clause or provision, or any other term, clause or provision of this Agreement.

18. Disruption Event

In the event of a Disruption Event, we have the right to suspend the Token Sale. If we elect to suspend the Token Sale, we will publicly announce the suspension as soon as reasonably practicable and, prior to resuming the Token Sale, we will announce the resumption at least four hours in advance. If we suspend the Token Sale for a period of time (the “**Suspension Period**”) pursuant to this Section 18, we will determine in our sole and absolute discretion whether to (i) nevertheless end the Token Sale on the scheduled Token Sale End Date (as defined in [Exhibit B](#)) or (ii) extend the Token Sale for a period equal to the Suspension Period. We will provide notice of our election in this regard in the public announcements of the resumption of the Token Sale following the Suspension Period. A “Disruption Event” means (i) any event or occurrence that causes a disruption in the functionality of the Ethereum blockchain, and such disruption has an

adverse effect on the processing time for Ethereum blockchain transactions, (ii) any event or occurrence that causes a disruption in the functionality of the software used in connection with the Token Sale and such disruption has an adverse effect on the implementation of the Token Sale, (iii) a change in the price of Ether or BTC of 10% or more in any 24-hour period, (iv) any compromise of security that has or in our sole good faith determination may have an adverse impact on the Token Sale, or (v) any other event that we reasonably think materially adversely effects or may materially adversely effect the Company, Budbo and/or the Platform.

19. Modification of Terms

We have the right to modify this Agreement if we reasonably believe that such modifications are necessary to comply with applicable laws or regulations or to address technical or factual inaccuracies. If we make changes, we will post the amended Agreement at www.budbo.io and update the “Last Updated” date above. We may also provide notice to you via email to the email address you provide during Registration. The amended Agreement will be effective immediately, and your continued participation in the Token Sale, or continued use or holding of Budbo Tokens you purchase in the Token Sale, as applicable, shall constitute your acceptance of the modified Agreement.

20. Miscellaneous

This Agreement constitutes the entire agreement between you and us relating to your purchase of Budbo Tokens from us. Our failure to exercise or enforce any right or provision of this Agreement will not operate as a waiver of such right or provision. We will not be liable for any delay or failure to perform any obligation under this Agreement where the delay or failure results from any cause beyond our reasonable control. We may assign our rights and obligations under this Agreement. Purchasing Budbo Tokens from us does not create any form of partnership, joint venture or any other similar relationship between you and us. Except as otherwise provided in herein, this Agreement are intended solely for the benefit of you and us and are not intended to confer third-party beneficiary rights upon any other person or entity. You agree and acknowledge that all agreements, notices, disclosures, and other communications that we provide to you, including this Agreement, may be provided in electronic form.

Exhibit A

Description of Company, the Platform, and Budbo Tokens

1. Overview of Company and Affiliates

The Company is a corporation formed under the law of British Virgin Islands. The Company will have certain responsibility for administering certain aspects of ongoing development related to Budbo Tokens, Token Utility and the Platform. It is anticipated that Company's affiliate, Budbo, Inc., a Delaware corporation ("**Budbo**"), will provide certain administrative, technical, development, corporate and other services to Company in connection with ongoing development related to Budbo Tokens, Token Utility and the Platform. The Platform is solely owned and operated by Budbo.

2. Overview of Platform

The Company's affiliate, Budbo, is currently developing the first-of-its-kind, fully integrated blockchain-based solution for the transparent, standardized and regulated interaction between cannabis users, dispensaries and couriers, in which an in-platform token, Budbo Token, is used (collectively, the "**Platform**"). The integration of Budbo Tokens and blockchain technology will offer a way to streamline all these participants ("**Users**") simultaneously as it will hold an immutable ledger that will leverage crypto-tokens built on smart contracts. Budbo Token transactions will be instant, and average transaction confirmation time will be within minutes. All transactions will be secured with state-of-the-art cryptography, and blockchain integrity will be protected by CPU efficient ASIC resistant proof of work. This unique model will allow Budbo to fill numerous operational and process gaps for cannabis businesses.

3. Budbo Tokens - Token Utility

The Company expects Budbo Tokens to be used as digital utilities that power and incentivize the Budbo ecosystem and Platform. The Budbo Token provides access to the Platform. For purposes of this Agreement, the use of Budbo Tokens as described herein and in the White Paper is collectively referred to as "**Token Utility**."

4. Additional Information Regarding the Platform and Ongoing Development

Further details regarding the Platform, uses of Budbo Tokens for Token Utility, and Company's anticipated development roadmap are described in the Budbo: A Comprehensive Blockchain Solution For The Cannabis Industry (the "**White Paper**"), which is available at <http://www.budbo.io/budbo-whitepaper.pdf>.

Although Company intends for the Platform and Budbo Tokens to function in the manner generally described above, it reserves the right to modify features, functionalities or ongoing development plans in its sole and absolute discretion. Moreover, the information provided in the White Paper is provided for illustrative and descriptive purposes only, does not form part of this Agreement unless expressly incorporated herein, and is subject to modification by Company in its sole and absolute discretion.

3. *Budbo Tokens Price*

The price of the Budbo Tokens sold in the Token Sale will be as indicated on the Company's website, www.budbo.io and as set forth in the White Paper.

4. *Registration and Other Procedures for Buying Budbo Tokens in the Token Sale*

To participate in the Token Sale, you must undergo the Token Sale registration process described herein ("**Registration**"). Registration is expected to begin at the same time the Token Sale commences.

Before beginning Registration, you must have an ERC-20 compatible Purchaser Wallet, such as the Ethereum wallet supported by MyEtherWallet.

To begin Registration, you must access the Registration webpage at www.budbo.io. To complete Registration, you must: (i) provide all Registration Information requested; (ii) review, agree to and comply with this Agreement; and (iii) sign a message with the private key corresponding to your Purchaser Wallet. We may also verify your email and phone number (via SMS text message) to persons who successfully complete Registration, and may provide further information relating to the Token Sale to you via email.

5. *Budbo Tokens Purchase and Delivery*

During the Token Sale, the Token Sale address will only accept Ether or BTC from verified Purchaser Wallets with adequate Ether or BTC balances (as applicable) belonging to persons who have completed Registration. Ether or BTC (as applicable) must be sent to the Token Sale address during the Token Sale in order to purchase Budbo Tokens. Sending Ether or BTC (as applicable) to any other address may result in loss of Ether or BTC (as applicable).

Budbo Tokens are expected to be delivered to the Purchaser Wallet address that sent the Ether or BTC (as applicable) purchase amount to the Token Sale address on or about February 20, 2018 ("**Delivery Date**").

The Company expects to (i) deliver to Token Sale purchasers an aggregate number of Budbo Tokens purchased in the Token Sale and (ii) retain any remaining Budbo Tokens.

The Token Sale address will be deployed by the Company from British Virgin Islands. As such, you acknowledge that title to, and risk of loss of, Budbo Tokens delivered by the Token Sale address passes from Company to you in British Virgin Islands.

6. Use of Proceeds from Budbo Tokens Token Sale

The Company is limiting the approximate total proceeds of Budbo Tokens sold in the Token Sale to the estimated amount needed (including sale proceeds received in the Pre-sale) to complete Company's development roadmap, with the maximum amount of such proceeds estimated as 50,000,000 USD ("**Target Amount**").

The proceeds of the Token Sale are intended to be used for the ongoing development of the Platform and Budbo, as outlined in the Company's White Paper (referenced in **Exhibit A**), as well as the Company's and Budbo's working capital and reimbursement of expenses incurred by Budbo in connection with the preparation for the Token Sale and other Company and Budbo expenses. However, there are no restrictions on how the Company may use the proceeds of the Token Sale. The White Paper is provided for illustrative and descriptive purposes only, does not form part of this Agreement unless expressly incorporated herein, and is subject to modification by the Company in its sole and absolute discretion.

Accordingly, none of the information presented in this Exhibit C is intended to form the basis for any investment decision, and no specific recommendations are intended. You should carefully consider the risks described below, together with all of the other information included in this Agreement and the White Paper, before deciding whether to purchase the Budbo Tokens. The occurrence of any of the risks described below and/or in the White Paper could have a material adverse effect on the Company's and/or Budbo's business, financial condition, results of operations and future growth and development prospects. In these circumstances, the market price of the Budbo Tokens could decline or the utility of the Budbo Tokens may decrease and the Budbo Tokens may lose their value, if any, entirely.*

The Company and Budbo expressly disclaim any and all responsibility for any direct or consequential loss or damage of any kind whatsoever arising directly or indirectly from: (i) reliance on any information contained in this Exhibit C, (ii) any error, omission or inaccuracy in any such information or (iii) any action resulting from such information.

By purchasing, holding and using Budbo Tokens, you expressly acknowledge and assume the following risks:

1. Risk of Losing Access to Budbo Tokens Due to Loss of Private Key(s), Custodial Error or Purchaser Error

A private key, or a combination of private keys, is necessary to control and dispose of Budbo Tokens stored in your Purchaser Wallet or other digital wallet or vault. Accordingly, loss of requisite private key(s) associated with your Purchaser Wallet or other digital wallet or vault storing Budbo Tokens will result in loss of such Budbo Tokens. Moreover, any third party that gains access to such private key(s), including by gaining access to login credentials of your Purchaser Wallet or other digital wallet or vault service you use, may be able to misappropriate your Budbo Tokens. Any errors or malfunctions caused by or otherwise related to your Purchaser Wallet or other digital wallet or vault you choose to receive and store Budbo Tokens, including your own failure to properly maintain or use such Purchaser Wallet or other digital wallet or vault, may also result in the loss of your Budbo Tokens. Additionally, your failure to follow precisely the procedures set forth in Exhibit B for buying and receiving Budbo Tokens may result in the loss of your Budbo Tokens.

2. Risks Associated with the Ethereum Blockchain

Because Budbo Tokens and the Platform are based on the Ethereum blockchain, any malfunction, breakdown or abandonment of the Ethereum blockchain may have a material adverse effect on the Platform or Budbo Tokens. Moreover, advances in cryptography, or technical advances such as the development of quantum computing, could present risks to Budbo Tokens and the Platform, including the use of Budbo Tokens for Token Utility, by rendering ineffective the cryptographic consensus mechanism that underpins the Ethereum blockchain.

3. *Risk of Mining Attacks*

As with other decentralized cryptographic tokens based on the Ethereum blockchain, Budbo Tokens are susceptible to attacks by miners in the course of validating Budbo Tokens transactions on the Ethereum blockchain, including, but not limited to, double-spend attacks, majority mining power attacks, and selfish-mining attacks. Any successful attacks present a risk to the Platform and Budbo Tokens, including, but not limited to, accurate execution and recording of transactions involving Budbo Tokens.

4. *Risk of Hacking and Security Weaknesses*

Hackers or other malicious groups or organizations may attempt to interfere with the Platform or Budbo Tokens in a variety of ways, including, but not limited to, malware attacks, denial of service attacks, consensus-based attacks, Sybil attacks, smurfing and spoofing. Furthermore, because the Platform is based on an open-source protocol, there is a risk that a third party or a member of the Company team or Budbo team may intentionally or unintentionally introduce weaknesses into the core infrastructure of the Platform, which could negatively affect the Platform and Budbo Tokens, including Budbo Tokens' use for Token Utility.

5. *Risks Associated with Markets for Budbo Tokens*

Budbo Tokens are intended to be used solely in connection with the Platform, and Company does not support or otherwise facilitate any secondary trading or external valuation of Budbo Tokens. This restricts the contemplated avenues for using Budbo Tokens, and could therefore create illiquidity risk with respect to Budbo Tokens you hold. Even if secondary trading of Budbo Tokens is facilitated by third party exchanges, such exchanges may be relatively new and subject to little or no regulatory oversight, making them more susceptible to market-related risks. Furthermore, to the extent that third parties do ascribe an external exchange value to Budbo Tokens (e.g., as denominated in a digital or fiat currency), such value may be extremely volatile and diminish to zero.

6. *Risk of Uninsured Losses*

Unlike bank accounts or accounts at some other financial institutions, Budbo Tokens are uninsured unless you specifically obtain private insurance to insure them. Thus, in the event of loss or loss of utility value, there is no public insurer, such as the Federal Deposit Insurance Corporation, or private insurance arranged by us, to offer recourse to you.

7. *Risks Associated with Uncertain Regulations and Enforcement Actions*

The regulatory status of Budbo Tokens and distributed ledger technology is unclear or unsettled in many jurisdictions. It is difficult to predict how or whether regulatory agencies may apply existing regulation with respect to such technology and its applications. It is likewise difficult to predict how or whether legislatures or regulatory agencies may implement changes to law and regulation affecting distributed ledger technology and its applications, including the Platform and Budbo Tokens. Regulatory actions could negatively impact the Platform and Budbo Tokens in various ways, including, for purposes of illustration only, through a determination that the purchase, sale, delivery or use of Budbo Tokens constitutes unlawful

activity, or that registration or licensing is required for Budbo Tokens or for some or all of the parties involved in the purchase, sale, delivery or use of Budbo Tokens. The Company may cease operations in a jurisdiction in the event that regulatory actions, or changes to law or regulation, make it illegal to operate in such jurisdiction, or commercially undesirable to obtain the necessary regulatory approvals to operate in such jurisdiction.

8. *Risks Arising from Taxation*

The tax characterization of Budbo Tokens is uncertain. You must seek your own tax advice in connection with purchasing Budbo Tokens, which may result in adverse tax consequences to you, including withholding taxes, income taxes and tax reporting requirements.

9. *Risk of Competing Protocols*

It is possible that alternative platforms could be established that utilize the same open source code and protocol underlying the Platform. The Platform may compete with these alternative platforms, which could negatively impact the adoption of the Platform and Budbo Tokens, including Budbo Tokens' use for Token Utility.

10. *Risk of Insufficient Interest in the Platform or Distributed Applications*

It is possible that the Platform will not be used by a large number of individuals, companies and other entities or that there will be limited public interest in the creation and development of distributed protocols and decentralized applications, more generally. Such a lack of use or interest could negatively impact the development of the Platform and the potential utility of Budbo Tokens, including its use for Token Utility.

11. *Risks Associated with the Development of the Platform*

Although the Platform will be deployed and operational at the time of the Token Sale, it is still subject to ongoing development and may undergo significant changes over time. How other participants will use the Platform is also outside of the Company's control. This could create the risk that Budbo Tokens or the Platform, as further developed and used, may not meet your expectations at the time of purchasing Budbo Tokens. It is also possible that the Platform will experience malfunctions or otherwise fail to be adequately developed over time, which may negatively impact the Platform and the potential utility of Budbo Tokens, including its use for Token Utility.

12. *Risk of an Unfavorable Fluctuation of Ether, BTC and Other Currency Value*

The Company team intends to use the proceeds from selling Budbo Tokens to contribute to the ongoing development of the Platform and Budbo, as described further in Exhibits A and B. The proceeds of the Token Sale will be denominated in Ether and BTC, and may, at the Company's discretion, be converted into other cryptographic and fiat currencies. If the value of Ether, BTC or other currencies fluctuates unfavorably during or after the Token Sale, the Company team may not be able to contribute to ongoing development of the Platform in the manner that it intended.

13. Risk of Dissolution of the Company

It is possible that, due to any number of reasons, including, but not limited to, an unfavorable fluctuation in the value of Ether or BTC (or other cryptographic and fiat currencies), decrease in Budbo Tokens' utility (including its use for Token Utility), the failure of commercial relationships, or intellectual property ownership challenges, the Company may dissolve. The dissolution of Company may still adversely impact the Platform and the utility of Budbo Tokens, given the Company's role in developing the Platform and its anticipated role in contributing to the ongoing development of the Platform.

14. Risks Arising from Lack of Governance Rights in the Company

Because Budbo Tokens confer no governance rights of any kind with respect to the Company, all decisions involving the Company will be made by the Company at its sole discretion, including, but not limited to, decisions to discontinue contributions to the Platform's ongoing development or to sell or liquidate the Company. As noted above, the consequences of those decisions could adversely impact the Platform and the utility of Budbo Tokens that you hold, including Budbo Tokens' use for Token Utility.

15. Risks Associated with New and Evolving Laws Impacting Decentralized Application Technology

The distributed ledger and decentralized application ecosystem, and by extension the Platform, may be subject to a variety of federal, state and international laws and regulations, including those with respect to financial services, consumer privacy, data protection, consumer protection, content regulation, network neutrality, cyber security, intellectual property (including copyright, patent, trademark and trade secret laws), and others. These laws and regulations, and the interpretation or application of these laws and regulations, could change. In addition, new laws or regulations affecting the Platform could be enacted, which could adversely impact the Company, the Platform and Budbo Tokens, including Budbo Tokens' use for Token Utility.

Additionally, the users and developers of the Platform may be subject to industry-specific laws and regulations or licensing requirements. If any of these parties fails to comply with any of these licensing requirements or other applicable laws or regulations, or if such laws and regulations or licensing requirements become more stringent or are otherwise expanded, it could adversely impact the Platform and Budbo Tokens, including Budbo Tokens' use for Token Utility.

16. Specific Risks Relating to Value and Function of Budbo Tokens

The launch of new features on the Platform utilizing Budbo Tokens may be delayed for reasons beyond the Company's control and may ultimately prove unsuccessful. The Company may discontinue features if they are not profitable, gambling regulations or licensing requirements change, or for other reasons.

The value of Budbo Tokens will depend on the Token Utility, including its acceptance as a means of accessing services and products on the Platform. The value may be affected by market conditions and other factors, including changes in the regulation of cannabis and

cannabis related products. Such changes may adversely effect on the utility and value of the tokens.

Unless other cannabis platforms adopt Budbo Tokens, Budbo Tokens will not have any utility during any period in which circumstances require the Company to suspend the Platform operations. No other platforms have indicated that they intend to adopt Budbo Tokens.

The value of Budbo Tokens will be affected by the demand for the Budbo Token relative to its supply. The Company intends to augment the supply by allowing participants to earn Budbo Tokens through certain activity on the Platform and by selling or releasing additional Budbo Tokens over time.

The ability to convert Budbo Tokens into other cryptocurrencies or fiat currencies will depend on the development of a trading market for the Budbo Token. The Company has no obligation to promote or support trading of the Budbo Tokens.

No promises of future performance or value are or will be made with respect to the Budbo Tokens, including no promise of inherent value, no promise of continuing payments, and no guarantee that the Budbo Tokens will hold any particular value.

17. Unanticipated Risks

Cryptographic tokens such as the Budbo Tokens are a new and untested technology. In addition to the risks included in this Exhibit C, there are other risks associated with your purchase, holding and use of the Budbo Tokens, including those that are set forth in the White Paper and those that the Company cannot anticipate. Such risks may further materialize as unanticipated variations or combinations of the risks discussed in this Exhibit C.
